Phil (Iris Photography) is a well-known wedding photographer in Hampshire, who is highly regarded by some of the more distinguished wedding venues throughout the country. From his Hampshire base, throughout the South East of England (including Wiltshire, Dorset, Berkshire and Surrey) to London and beyond Phil's unique style, together with his relaxed and fun approach to wedding photography is always in great demand from discerning couples who are looking for stunning photography with that extra wow!

Being a wedding photographer, Phil feels privileged to be invited to share such a special occasion, and will happily travel to your wedding location – wherever it may be. He will also meet with you at your chosen wedding venue whenever possible, to discuss your ideas and suggest the best locations for your photographs.

All Wedding packages come with Contact sheets, PDF files, Code for viewing, and purchasing images on line and, for all day one to one service. *

Reprint size 8" x 8" to 8" x 12" £10.00 Each

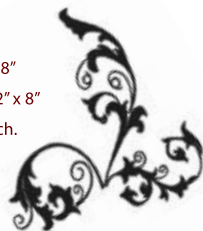

Photo Book

This is a new product to Iris Photography. The idea is to create something very different as the pages are printed photographs. Photo Book's pages are the photos. These albums are very modern and contemporary. Again just like the Jorgensen Album this is a very different album. These books are hard back or soft back with hard spine or wire bound. The size are : 8.5 x 11.

Price Includes album £630.00 - 27 photographs

12 pages, and sizes up to 5 x 7 Sizes. Each As

a pare £ 570

DVDs, Reprints & Booking fees.

DVD Wedding Set

Some customers like you might like to own there images on a DVD, than in a wedding album. This package lets you own all images that appear on the contact sheets. From here you could print as many as you like and depending on which package you choose you could have them as big as A2 sizes!

£500.00 Images will be set at 300DPI and on JPEG file at a set size of 5x7 (note maximum images size will be 8 x10)

£600.00 Images will be set at 300DPI and on TIFF file at a set size of 6x8 (note maximum images size will be 8 x10)

£700.00 Images will be set at 400DPI and on JPEG file at a set size of 5x7 (note maximum images size will be 13 x19 or A3+)

£800.00 Images will be set at 400DPI and on TIFF file at a set size of 5x7 (note maximum images size will be 13 x19 or A3+)

£850.00 Images will be set at 400DPI and on TIFF file at a set size of 5x7 (note maximum images size will be 13 x19 or A2+)

Jegg will loses it's image quality over time, however TIFF will not. Ever!!

iDVD cd's

Burning your wedding photographs to DVD you can add your favourite photographs from the contact sheets, add your own music and your most loved photographs. At an extra cost I can add all the photographs on the contact sheets to the DVD. The photographs will be ready to print from DVD to printer, set up at 300Dpi so you could print them up to 8x10 size.

£100.00 iDVD without printable photographs

£550.00 iDVD printable photographs Images will be set at 300DPI and on JPEG file at a set size of 5x7 (note maximum images size will be 8 x10)
